

YOU ARE INVITED TO ATTEND THE SEMINAR EUROPEAN RIGHTS FOR NON- EUROPEANS

What are the rights of non-Europeans in Europe and in The Netherlands?

What are their concerns regarding residence permits? How does a foreign company register in The Netherlands avoiding lengthy procedures? Which tax benefits do they have? How to face termination of the employment contract of a non-EU citizen? Amongst these, we address a wide array of current legal issues that affect foreign nationals. Hence, the Embassy Desk organizes this seminar to give essential insights on how to advise a non-EU citizen on matters of rights, business and immigration. From corporate and trade issues to employment law, we offer to embassies tailored legal assistance and highly-qualified consultancy.
